## Independent Auditor's Report

To the Board of Trustees  
Michigan State University

We have audited the basic financial statements of Michigan State University as of and for the year ended June 30, 2010 and have issued our report thereon dated October 14, 2010. Those basic financial statements are the responsibility of the management of Michigan State University. Our responsibility is to express an opinion on these basic financial statements based on our audit. We did not audit the financial statements of Michigan State University Foundation (the "Foundation") which represent all of the assets and revenue of the discretely presented component unit. Those financial statements were audited by other auditors, whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Foundation, is based on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements of Michigan State University taken as a whole. The accompanying schedule of expenditures of federal awards is presented for the purpose of additional analysis and is not a required part of the basic financial statements. The information in this schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Report on Internal Control Over Financial Reporting and on Compliance  
and Other Matters Based on an Audit of Financial Statements  
Performed in Accordance with *Government Auditing Standards*

To the Board of Trustees  
Michigan State University

We have audited the financial statements of Michigan State University as of and for the year ended June 30, 2010 and have issued our report thereon dated October 14, 2010. Our report was modified to include reference to other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Other auditors audited the financial statements of Michigan State University Foundation, as described in our report on Michigan State University's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors. The financial statements of Michigan State University Foundation were not audited in accordance with *Government Auditing Standards*.

### **Internal Control Over Financial Reporting**

In planning and performing our audit, we considered Michigan State University's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the University's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the University's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

To the Board of Trustees  
Michigan State University

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Michigan State University's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management, the board of trustees, others within the University, the finance and audit committee, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

## Report on Compliance with Requirements Applicable to Each Major Program and on Internal Control Over Compliance in Accordance with OMB Circular A-133

To the Board of Trustees  
Michigan State University

### Compliance

We have audited the compliance of Michigan State University with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended June 30, 2010. The major federal programs of Michigan State University are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of Michigan State University's management. Our responsibility is to express an opinion on Michigan State University's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Michigan State University's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Michigan State University's compliance with those requirements.

In our opinion, Michigan State University complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2010.

To the Board of Trustees  
Michigan State University

### **Internal Control Over Compliance**

The management of Michigan State University is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Michigan State University's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Michigan State University's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management, the board of trustees, others within the University, the finance and audit committee, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

## Notes to Schedule of Expenditures of Federal Awards Year Ended June 30, 2010

### **Note 1 - Basis of Presentation and Significant Accounting Policies**

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal grant activity of Michigan State University (the "University") under programs of the federal government for the year ended June 30, 2010. Expenditures reported on the Schedule are reported on the same basis of accounting as the basic financial statements, although the basis for determining when federal awards are expended is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. In addition, expenditures reported on the Schedule are recognized following the cost principles contained in OMB Circular A-21, *Cost Principles for Educational Institutions*, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

Because the Schedule presents only a selected portion of the operations of the University, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the University. Pass-through entity identifying numbers are presented where available.

### **Note 2 - Indirect Costs**

Included as federal expenditures are indirect costs of \$53,200,607 which are based on rates negotiated with the cognizant agency and the approved university rate agreement.

### **Note 3 - Commingled Funds**

Certain miscellaneous pass-through funds consist of commingled funds from federal and nonfederal sources. The commingled component cannot be separated to specify the individual funding sources; therefore, the total amount is included in the schedule of expenditures of federal awards.

### **Note 4 - Catalog of Federal Domestic Assistance (CFDA) Numbers**

All programs with identifiable CFDA numbers have been listed separately. Award numbers have been provided for all programs for which CFDA numbers were not available. Programs without an identifiable CFDA number are identified by agency number only. If the agency number is not known, the program is listed using an agency number of 99.

### Note 6 - Federal Student Loan Granted and Outstanding

The University administers several student loan programs for which funding to provide loans is from federal contributions and repayments of existing student loans (revolving funds). These loans, as listed below and in the following paragraphs, have been excluded from the schedule of expenditures of federal awards. A summary of current year loans granted and loans outstanding for the federal Perkins loan, the health professions student loans, and nursing student loan programs are as follows:

<u>CFDA Number</u>	<u>Loan Program</u>	<u>Loans Granted</u>	<u>Loans Outstanding</u>
84.038	Perkins	\$ 5,071,377	\$ 37,579,904
93.342	Human medicine	99,728	959,722

**A-133 Single Audit Report: Summary Schedule of Prior Audit Findings**

**Year ended June 30, 2010**

## ***Finding 2009-01***

**Program Name** – Major Program – TRIO Cluster – Student Support Services 2008-2009 CFDA #84.042 and McNair Baccalaureate Achievement 2008-2009 CFDA #84.217 – Direct Federal Programs

**Finding Type** – Significant Deficiency

**Corrective Action Plan** – Due to technical and statistical difficulties, the submission of participation data to the U.S. Department of Education (USDE) was originally delayed and not fully reviewed. These reporting errors were reviewed and discovered during the University's A-133 audit process. Since identification of the errors, additional statistical and technical resources were committed to this project and corrected reports were submitted and accepted by USDE. The University considers this issue corrected and closed.

**Position of Responsible Official** – Director of the Contract and Grant Administration Office.

**Status of Finding** – This finding is corrected.

## **OFFICE OF THE CONTROLLER**

### **Financial & Cost Analysis**

## ***Finding 2009-02***

**Program Name** – Major Program – TRIO Cluster – Student Support Services 2008-2009 CFDA #84.042 and McNair Baccalaureate Achievement 2008-2009 CFDA #84.217 – Direct Federal

**Finding Type** – Noncompliance/Significant Deficiency

**Corrective Action Plan** – An investigation has been completed and all individuals involved have been removed from their positions. Unallowable costs were removed from the projects on July 7, 2009 and amounts have been refunded to the U.S. Department of Education. In accordance with federal requirements, the Inspector General from the granting agency has been notified. The University considers this event as confirmation that institutional internal controls, which are designed to prevent material financial fraud, are viable and allowed for successful identification, remediation, and reporting of the issue. The University considers this case closed.

**Position of Responsible Official** – Director of the Contract and Grant Administration Office.

**Status of Finding** – This finding is corrected.
