

Michigan Flyer Service

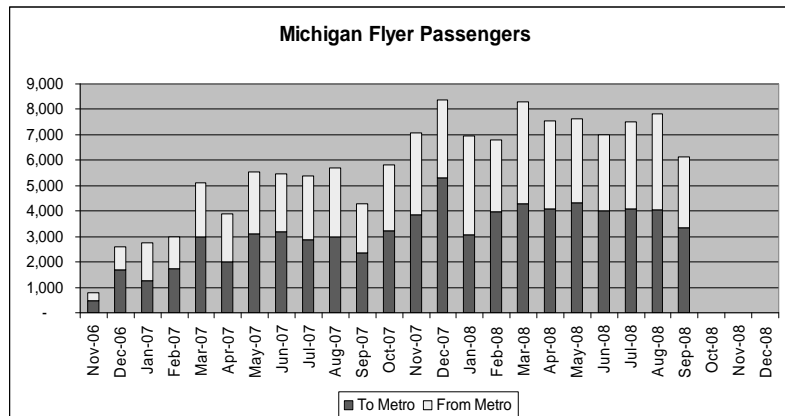

7 Round Trips from East Lansing, Jackson, Ann Arbor to DTW

Soon to be 8 Round Trips Beginning February 2009

Monthly Ridership

ENERGY CONSERVATION

Since start up in November 2006, we have carried over 175,000 passengers and saved conservatively:

12,000,000 to 14,000,000 Vehicle Miles

500,000 to 600,000

Gallons of Fuel @ 25 mpg

MichiganFlyer 

Detroit Metro Presentation Spring 2008

- Traffic will increase from 100,000 passengers/day to 125,000 passengers/day
- Half of these passengers are origin or destination
- DTW did not say how these 50-62,000 passengers/day are going to get to the airport

Michigan Flyer and services like it...are an important part of the answer
