TripIt Pro is premium service for all MSU Business Travelers at no additional cost upon rollout of the University's new travel and expense management solution.

With TripIt Pro, you'll get:

- **Alerts** – Along with a check-in alert, receive the latest info about flights delays, cancellations, connections, gate changes, baggage claim and more, on any mobile device, for any airline regardless of where the flight was booked.

- **Alternate Flights** – Get unbiased re-booking options for any flight delays or cancellations, including flight status and available seats, across all available airlines.

- **Refund Tracker** - If your airfare is eligible for a refund, we'll let you know how much and who to contact.

- **Point Tracker** – Keep track of frequent traveler accounts, balances and expirations, all in one place.

- **Inner Circle** – Identify key people, like an administrative assistant or spouse, who get automatic access to every trip.

- **VIP Privileges** - Get 4-months of CLEAR free and other discounts, a one-time $25 LoungeBuddy credit.

- **Seat Tracker** — Choose the kind of seat you want, or tell us if you need seats together. We'll notify you if your seat becomes available.

- **Go Now** - Appearing 24 hours prior to your scheduled flight time (US domestic currently; all flights in the near future), tells drivers when you should leave for the airport based on your current location, flight status, and real-time traffic conditions.

- **Interactive Maps** - Available for TripIt Pro users with our Android 6.5 or iOS 9.5 app version, our new interactive airport maps are currently available for 51 airports worldwide.

- **Security Wait times** - TripIt Pro users with our Android 7.2 and iOS 10.2 app can get airport security wait times for select airports.
