WE HAVE PREPARED

OPTIONS

OPTION 1 - - - - >>>

if you wish to use your devices until the last moment, you can check it at the gate of your flight

after a routine control, our ground personnel will check it by filling out a form at the gate

they will then seal it infront of you in a safe box

it will then be safely stored on the plane apart from your luggage

after your delightful journey, you will go through passport control

our ground personnel will be waiting for you at carousel to return your device in exchange for the form

if you want to take your electronic with you on your journey

you can check your electronics

with your luggage at the check-in counters on the plane

*we do not take any responsibility for your electronics that are damaged or stolen during this process
